## PRODUCTION LINES

- Pressure, Temperature, Level, Density, & Flow Transmitters
- Pressure, Temperature & Level Gauges
- Pressure, Temperature & Level Pneumatic Controllers, Repeaters, Recorders
- Level, Pressure & Temperature Switches
- Measuring Elements, Orifice Assemblies, Meter Run, Pitot Tubes, Venturi Pipes

## COMPANY MAIN CERTIFICATIONS

- ISO 9001 2015
- ATEX CONFORMITY TO TYPE NOTIFICATION (2014/34/EU)
- PED QUALITY ASSURANCE SYSTEM MODULE H1 (2014/68/EU)
- SIL FUNCTIONAL SAFETY (IEC 61508)

## APPROVALS

## WHO WE ARE

Since 1923 SPRIANO® has been manufacturing electronic Pressure, Level & Temperature Transmitters & Gauges, Torque Tube Level Transmitters, Flow & Measuring Elements for the Oil & Gas, Offshore and Onshore Industry.

## COMPANY OVERVIEW

SPRIANO® began his activity manufacturing pressure and temperature gauges. In 1936 SPRIANO® has been the first company in Italy to manufacture a modulating pneumatic controller, contributing a consistent technical improvement to Industrial Automation and Control in the Rubber, Oil & Gas and Food industries. In 1970 SPRIANO® engineered and started manufacturing a complete line of Control Valves branded MEC-RELA®, providing effective and efficient solutions for Industrial applications. During the 80's, SPRIANO® completed its technological transfer from pneumatics to electronics by developing a complete line of innovative instruments, the 2-wire system and microprocessor-based transmitters.

## PRODUCTION FACILITIES

The Manufacturing area is composed by 3 main buildings for a total covered space of approx 1700m<sup>2</sup>. Area destined for covered space Warehouse is approx 800m<sup>2</sup> and uncovered is approx 800m<sup>2</sup> as well. Purchasing, Sales and Administration department are distributed for a total covered space of approx 1200m<sup>2</sup>.

## EQUIPMENT & RESOURCES

Over 20 different pressure generators, Climatic chambers, Welders (TIG, LASER, Microplasma), Tooling, Drilling & Cutting Machines, Twin vacuum systems, Hydro testing machines, Tags engraving machines, Ultrasonic washers, 250Kg & 600Kg Cranes, Calibrators, multimeters, Meggers, and more generic equipment.

## EXPERTISE

Over 90 years of experience, customer oriented sales personnel, high skilled technical engineers, internal R&D Department, qualified production welders and procedure, are the reasons of the success of SPRIANO® in Oil & Gas, Chemical and Petrochemical markets.
